

Massachusetts Agricultural Fairs Association

2023 Conference November 10-11

MEMORIAL TABLE

Beginning this year we will be having a memorial table during the conference to remember those members of the fairs who have passed away this past year, who either worked with your fair, who were members of your fair board, group, organization, etc.

Please bring a framed photo and an index card with their name and association with your fair. (IE) Joe Smith – Greenfield Fair Director, Parking Superintendent Passed June 2023

This memorial table idea is taken from other State Associations that have recognized those people that may or may not have attended state meeting but are know to many in the industry.

Member Fairs Display

In the past fairs have brought poster boards with pictures to share their fair with others. This year we will again encourage this and take it to the next level with table displays. Bring your posters, ads, photos, shirts, hats, etc. to display and share ideas with others. If you have extra premium books, flyers etc. and want to share them we will have a table for people to pick them up and take home.

Please let me know if you plan to do a display by October 25, I will need a count to have enough tables. Mike (413) 834-8208

Fair Photos

Please email 10 photos from you fair for a video presentation at the conference. Maybe you have a new building, entertainment area, hall displays, livestock shows etc.

Email these to clubcarguy@yahoo.com please email these as soon as your fair ends so I have plenty of time to put this presentation together. Add a brief description if needed to explain your photo. Submit all photos no later than October 25.

RAFFE: Please bring a basket or similar offset the cost of the conference.
